# SYS-SPP40/60/100

## Push Camera Systems

SOLO PRO+ has all you need to inspect pipes, document your findings, and create detailed reports for on-site delivery. It captures detailed footage under tough conditions, and its interface offers robust tools – including observation entry and reporting options – and accepts USB and SD media for easy offload of data, video, images and reports. SOLO PRO+ is WiFi enabled to allow remote access to stored images and data.
